TEMPLATES
LUGGAGE LABEL TAG

BIKEFLIGHTS

INSTRUCTIONS

1. Gather cardboard or an old race number, scissors, heavy duty zip tie and clear packing tape.

2. Print and cut out this template.

3. Trace this template onto your cardboard or old race number.

4. Cut along the traced line.

5. Reinforce your entire luggage tag with clear packing tape.

6. Attach your label to your luggage tag with clear packing tape.

7. Punch holes. Adjust suggested locations as needed to ensure all bar codes are fully visible.

8. Fold your luggage tag around the handle of your case.

9. Route your zip tie through the holes and tighten.

10. Secure flaps together with clear packing tape.
